Management Seminar Program

SATURDAY 09:00-12:30

Global Sourcing & Purchasing for Buyers Global Sales for Suppliers

***We create business partnerships with
Western European and Eastern
European companies.***

For this Winter Special we have invited several hundred Managers from both Western and Eastern Europe. Participants will have great opportunities during this weekend:

- companies from West can find appropriate suppliers and clients
- Eastern European companies will discover Western European clients and suppliers

CEE meets Western Europe – use this event to welcome your future business partners!

SATURDAY 13:30-15:00

Successful Negotiation Tactics & Techniques in Business for Buyers and Suppliers

From preparation to successful closing

*„In business, you don't get what you deserve – you get what you negotiate!“
(Chester L. Karrass)*

Why take „no“ for an answer? Successful people don't. They get what they want by negotiating better deals for both parties. Good agreements help you reach and surpass your goals – and they leave the other side better off at the same time.

Based on this insight you will learn powerful negotiation strategies and tactics coupled with helpful reactions, if you are faced with these tactics yourself.

Learn how to get what you want – benefit from effective negotiating!

Management Seminar Program

SATURDAY 15:30-17:00

Contract & Claims Management for Buyers and Suppliers

***Avoid risks and costs
proactively and professionally.***

Participants will benefit from the know-how of a top trainer (Ph.D. in finance and degree in law), who has many years of practical experience in international turn key project businesses, including numerous first hand contract negotiations.

Improve your contractual awareness and learn the most important highlights of contractual rights and obligations in order to secure your company's profit!

SUNDAY 09:00-12:30

For Sellers: Behind the Curtain of Professional Buyers

Learn how professional buyers think and act!

Most sellers have no clue about the internal processes, strategies and tactics of purchasing departments. Therefore, they are not in a position to successfully win purchase orders.

Take your opportunity to learn the absolute truth and understand the what's and how's of the purchasing managers' work. Understand their motivation and argumentation. Learn how to avoid frequent mistakes and "deadly sins" of sellers.

Improve your sales behavior and increase your order intake and turnover figures!
